

**Xmountain** is a professional association of mountain guides founded in 2003 in Verona. The area of Monte Baldo and Lake Garda are our places of interest and it is our desire to explore with you this beautiful region through pleasant walks, striking climbing routes, fun and challenging climbing walls and thrilling descents along canyons. XMountain operates throughout the Alps as a climbing and mountaineering school and as a ski touring association. We specialize in hiking, climbing, rock climbing, canyoning, glacier climbing and creating itineraries for ski mountaineering and freeride. We also are capable of organizing trips and expeditions worldwide. Our Mountain Guides are trained professionally and are recognized both nationally and internationally for their expertise.

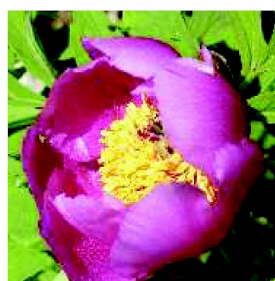

Monte Baldo is a paradise for hikers and mountaineers. Its breathtaking 360 views and rare species of flora and fauna make it one of the most intriguing places in all of the Alps.
